To our Valued Customers:

As a precautionary measure, due to mislabeling, College Inn is initiating a voluntary recall of *College Inn*[®] No MSG Chicken Broth sold in individual 14 ½ oz cans.

All other sizes and varieties of *College Inn*[®] Chicken Broth are correctly labeled and therefore are not affected by this voluntary recall.

College Inn is voluntarily recalling *College Inn*[®] No MSG Chicken Broth in individual 14 ½ oz cans due to the presence of wheat (an allergen) which was not declared in the ingredient statement. Also, the label incorrectly states that the product does not contain Monosodium Glutamate (MSG). The following product is subject to the voluntary recall:

| Product Name | Best By Dates |
|---|--|
| <i>College Inn</i> [®] No MSG Chicken Broth Individual 14 ½ oz cans | All Dates 0 24000 32230 6 and labeled "No MSG" |

People who are allergic to wheat may run a risk of serious adverse health consequences by consuming this product. To date, no illnesses have been reported in connection with this mislabeling.

Individuals without an allergy to wheat and without a sensitivity to Monosodium Glutamate may continue to enjoy this product.

At this time we are asking our customers to pull these affected items from the shelf and stop shipping any product to their retail stores. In the attached appendix page we are providing specific details on how the return process will be managed.

Thank you in advance for your continued support. Should you have any immediate questions please feel free to contact your local sales representative.
