

**To our valued CUSTOMERS:**

We are notifying you that Premier Nutrition has announced a precautionary, voluntary nationwide recall of select ODYSSEY branded bars, due to the recent expansion of a potential *Salmonella* Typhimurium contamination concerning peanuts manufactured by Peanut Corporation of America (PCA) at its Plainview, Texas facility.

Premier Nutrition is now advising business, customers and consumers that selected ODYSSEY branded nutrition bars in the specific sizes and flavors indicated below, are included in the recall.

The following products are potentially affected and are subject to the recall:

- **ODYSSEY Nutrition Bar, Chocolate Peanut Butter**  
BEST BY: 06/12/08A (June 12, 2008), through 07/25/09A (July 25, 2009)
- **ODYSSEY Nutrition Bar, Caramel Nut**  
BEST BY: 10/01/08A (October 1, 2008), through 10/11/09A (October 11, 2009)

These products can be identified by the following UPC Codes:

UPC #	Size	Description Affected:
6 43843 00160 7	1 80g bar	ODYSSEY Chocolate Peanut Butter Bar
6 43843 00161 4	12 pack, 80g bars	ODYSSEY Chocolate Peanut Butter Bar
6 43843 00101 0	1 80g bar	ODYSSEY Caramel Nut Bar
6 43843 00102 7	12 pack, 80g bars	ODYSSEY Caramel Nut Bar

These products of Premier Nutrition were manufactured by a contract manufacturer which received several batches of peanuts from PCA. There is no specific evidence that Premier Nutrition's products are contaminated and no complaints regarding this issue have been reported to Premier Nutrition regarding any of its products to date; however, the Company is taking this voluntary action because it is concerned with the health of persons who have consumed or may consume these products due to the information released by the PCA. *Salmonella* is an organism that can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Healthy persons infected with *Salmonella* often experience fever, diarrhea (which may be bloody), nausea, vomiting and abdominal pain. In rare circumstances, infection with *Salmonella* can result in the organism getting into the bloodstream and producing more severe illnesses such as arterial infections (i.e., infected aneurysms), endocarditis and arthritis.

The Company is advising all customers, including you, to contact Premier Nutrition to receive instructions for returning or destroying the product. Please contact Lance Rankin, CEO, or Mike Billing, Customer Service Manager, Premier Nutrition, at (760) 929-9995.

Any adverse reactions experienced with the use of this product and/or quality problems should be reported to the FDA's MedWatch Program by phone at 1-800-FDA-1088, by fax at 1-800-FDA-0178, by mail at MedWatch, HF-2, FDA, 5600 Fishers Lane, Rockville, MD 20852-9787, or on the MedWatch website at [www.fda.gov/medwatch](http://www.fda.gov/medwatch), as well as Premier Nutrition.

The Company regrets having to take this action, but believes it is necessary to ensure the complete safety of its customers and consumers. Again, this voluntary recall has only been initiated with respect to the specific variations of ODYSSEY bars identified above. The Company is working closely with the FDA and the Company's supplier in the recall process and is committed to the quality and integrity of its products. We sincerely regret any inconvenience to you.
