7/6/2022

Dear McLane Customer,

This is to inform you of a product recall involving CVP 16oz Hydrogen Peroxide Topical Solution USP/Oral Debriding Agent:

Label	Packaging Lot	Expiration Date	NDC #	UPC Code
McLane CVP	0550161, 0557366,	10/2023, 01/2024,	57243-871-43	7-61706- 16314-6

Only the above lot codes are included in the recall. The voluntary recall has been initiated by our manufacturer, Vi-jon, with input from the FDA. The recalled product was shipped between December 15, 2021 through May 7, 2022. Vi-jon received three complaints of isopropyl alcohol odor and taste detected in one product lot 0556347. After conducting a thorough assessment, Vi-jon concluded that the probability of serious adverse health consequences following use of this product is not likely. There have been no adverse health events reported at this time.

Immediately examine your inventory and remove impacted lot codes from your shelf. Please contact your McLane Customer Service department to request a credit for recalled product. The McLane driver will bring a pre-printed credit memo to your store for pick up on your scheduled delivery day. All product needs to be returned to McLane by 7/31/2022.

Sincerely,  
Laura DelleDonne
